Why work with us

<p>Direct from source We source straight from certified Egyptian producers — competitive, below-market pricing without the middle layers.</p>	<p>Documentation verified We verify the authenticity of producer test results and analyses — your protection against the fraud common in this trade.</p>
<p>Logistics coordinated Export-document validation, customs clearance from Egypt, freight, tracking and cargo supervision — handled for you.</p>	<p>Quality you can confirm Backed by certified-producer documentation (specification + Certificate of Analysis); third-party testing (e.g. SGS) facilitated on request.</p>
<p>Repacking & private label Repacking and labelling supervised at your request — including under your own brand.</p>	<p>After-sale accountability We stay reachable and accountable after delivery. We build long-term partnerships, not one-off deals.</p>

Trade terms at a glance

Origin	Egypt — sourced from certified producers.
Incoterms	FOB / CIF / DAP — by formal quotation.
Shipping	By container (1x20 ft / 1x40 ft). Multiple products per container, one importer per container.
Quality	Organic & conventional; producer specification + Certificate of Analysis; third-party testing (SGS) on request.
Product options	Irradiated / non-irradiated; hydrated / non-hydrated — to your requirement.
Packaging	Bulk, or repacked & labelled to your spec (including private label), supervised by our team.
Samples	Case-by-case for serious buyers (~1 kg by courier).
Quote turnaround	5–7 days. Quotation valid ~2 weeks.
Pricing	By formal quotation only — no list pricing.
Certifications	Available through our certified producer network, on request (e.g. ISO 22000 / FSSC 22000).
After-sale	Reachable and accountable after delivery.

Product range

Our range of Egyptian herbs, spices and agricultural goods. Selected items below; the full range is sourced to each importer's specification — tell us what you need and we'll let you know what we can source.
